

COFFEE IN THE CLOUDS

Full Day Tour in the Andes

Renowned for its remarkable biodiversity, the Cloud Forest stands as one of Ecuador's natural hotspots and scientific marvels. Hosting an abundance of diverse species, many of them found only in this distinctive region, the Cloud Forest offers a unique experience filled with adventures within its lush greenery, amazing waterfalls and vibrant wildlife sightings.

COFFEE IN THE CLOUDS

This tour is specially curated for coffee and nature enthusiasts, so prepare your palate because this “cup of joe” will be truly unique! After your hotel pick-up and accompanied by your guide, you will head northwest towards a coffee paradise brimming with surprising flavors, aromas and natural beauty.

On your journey to a magnificent coffee farm, you'll have the chance to enhance your adventure with vibrant sights of lush vegetation during the first stop of the day. This stop takes place in an ecological reserve where you can fully appreciate Ecuador's diverse birdlife. This reserve, nestled in the cloud forest, is home to a wide variety of birds, including 30 species of hummingbirds. As these colorful birds gracefully fly around the feeders, they create amazing photo opportunities for avid bird watchers and nature lovers in general.

The tour continues at an enchanting coffee farm, strategically located in a premium geographical spot, where you will dive into the full coffee production process. You'll start by learning about the harvest and selection of the beans, followed by the drying process, and ending with the roasting and packaging of the final product.

Finally, you will savor a coffee tasting experience featuring the farm's freshly produced coffee, and you will have the opportunity to purchase your favorite blends.

At the end of the tour, you will be taken back to your hotel. End of services.
